

## Encyclopedia of a Junior High Life

Write an entry for our classroom compilation of observations and words of wisdom, serious or funny, about the world of a junior high school student.

Your entry should be 100-200 words.

Start your entry with a heading that will be inserted alphabetically in the encyclopedia. For example, if I were writing about how kids behave during a fire alarm, I might want to head it as "Alarm, Fire" or even "Behavior, Fire Alarm."

Handwrite a rough draft and have it ready to type up next class.
